About ASMF

The Action Sports Medicine Foundation is a 501(c)3 non-profit organization whose mission is to enhance the quality and availability of sports medicine to athletes participating in action sports. The foundation was formed in 2003 by **Dr. Steve Augustine**, and is based out of the Jacksonville Orthopedic Institute in Florida. Our desire is to become a quality resource for athletes who are looking to receive

sports medicine on-site services, and for the various health care workers who are looking to help provide these services. The primary sports that we will be serving are motocross, BMX, skateboarding, wakeboarding and surfing. Within this population, we will focus on the amateur athlete. Our goal is to enhance the level of on-site sports medical care at the grass roots level. In doing so, we can enable

the athletes to maximize their capabilities and participation in their chosen sports. Secondly, we feel confident that we can raise the level of understanding of these sports within the medical community, thus enabling other health care practitioners to better deal with the needs of this unique group of athletes. www.asmfjax.com and www.joionline.net

Open to riders age 12-21. MTF reserves the right to refund cost of tickets if unable to meet requirements
